The certification notice was published in the **Federal Register** on December 16, 1994 (59 FR 65077).

The intent of the Department's certification is to include all workers who were adversely affected by increased imports.

The amended notice applicable to TA-W-30,049 is hereby issued as follows:

All workers of Hartz Mountain Corporation who became totally or partially separated from employment on or after April 1, 1993 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Determinations Regarding Eligibility To Apply for Worker Adjustment Assistance and NAFTA Transitional Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974, as amended, the Department of Labor herein presents summaries of determinations regarding eligibility to apply for trade adjustment assistance for workers (TA-W) issued during the period of March, 1995.

In order for an affirmative determination to be made and a certification of eligibility to apply for worker adjustment assistance to be issued, each of the group eligibility requirements of section 222 of the Act must be met.

(1) That a significant number or proportion of the workers in the workers' firm, or an appropriate subdivision thereof, have become totally or partially separated,

(2) That sales or production, or both, of the firm or subdivision have decreased absolutely, and

(3) That increases of imports of articles like or directly competitive with articles produced by the firm or appropriate subdivision have contributed importantly to the separations, or threat thereof, and to the absolute decline in sales or production.

Negative Determinations for Worker Adjustment Assistance

In each of the following cases the investigation revealed that criterion (3) has not been met. A survey of customers indicated that increased imports did not contribute importantly to worker separations at the firm.

TA-W-30, 680; J.M. Huber Corp., (Engineered Minerals Div), Macon, GA

In the following cases, the investigation revealed that the criteria for eligibility have not been met for the reasons specified.

TA-W-30,707; Tidewater, Inc., New Orleans, LA

The workers' firm does not produce an article as required for certification under section 222 of the Trade Act of 1974.

TA-W-30,655; Lavelle Powder Co., Inc., Butte, MT

The workers' firm does not produce an article as required for certification under section 222 of the Trade Act of 1974.

The workers' firm does not produce an article as required for certification under section 222 of the Trade Act of 1974.

TA-W-30,663; E-Systems, Inc., Greenville Div., Greenville, TX

The workers' firm does not produce an article as required for certification under section 222 of the Trade Act of 1974.

TA-W-30,646; Enterra Oil Field Rental Co., Odessa, TX

Increased imports did not contribute importantly to worker separations at the firm.

TA-W-30,791; DLCI USA, Van Buren, ME

Increased imports did not contribute importantly to worker separations at the firm.

TA-W-30,737; Native Textiles, A Division of Carisbrook Industries, Dallas, PA

The investigation revealed that criterion (2) and criterion (3) have not been met. Sales or production did not decline during the relevant period as required for certification. Increases of imports of articles like or directly competitive with articles produced by the firm or appropriate subdivision have not contributed importantly to the separations or threat thereof, and the absolute decline in sales or production.

Affirmative Determinations for Worker Adjustment Assistance

TA-W-30,827; Fairchild Aircraft, Inc., San Antonio, TX

A certification was issued covering all workers of the "electrical shop" of Fairchild Aircraft, Inc., San Antonio separated on or after March 2, 1994. The foregoing determination does not apply to the other workers at the subject firm.
